Desktop Views

Your Agency Uses Every Day

Standard desktop views give supervisors and personnel instant access to schedules, boards, alerts, and assignment tools.

1. Supervisor Dashboard

- At-a-glance oversight with live assignment metrics.
- Quick access to detail, overtime, leave, and unfilled work.

2. Month Calendar View

- See assignments, bids, and coverage across the agency.
- Color-coded visibility for detail, overtime, and attendance.

3. Day Timeline View

- Visualize shifts and coverage hour by hour.
- Ideal for overlapping schedules, staffing, and command visibility.

Post → Bid → Sign → Pay & Bill

DTS streamlines the full assignment lifecycle from posting to payment, reducing manual work and improving visibility.

1 Post

Supervisors create assignments with dates, times, locations, pay rates, and eligibility rules.

2 Bid

Personnel submit bids and the awarding engine applies department rules including tier, hours, rank, hire date, and preferences.

3 Sign

Awarded personnel accept assignments with digital signatures; supervisors track acceptance status in real time.

4 Pay & Bill

Completed hours flow to payroll exports while detail assignments generate vendor invoices automatically.

Single Day Schedule View

Real-time visibility into the day's assignments with filters, status indicators, and timeline tools.

Vendor Billing & Invoicing

Automatically generate vendor invoices from completed assignments with full transparency and audit-ready detail.
